Notification of night work – Randwick

In planning for Tomorrow’s Sydney we are building a new light rail line to provide fast, reliable public transport from Circular Quay, through the CBD, to Kingsford and Randwick via Surry Hills, Moore Park and Kensington.

Standard work hours are Monday to Friday 6am to 6pm and Saturday 8am to 5pm. This notification is for approved work that falls outside the standard working hours. This work will be carried out on the below dates and times to minimise disruption to traffic and to maintain the safety of construction work, residents, businesses and the general public.

Details of work activities

Work will take place at the following locations and at the following times:

- **Alison Road, between Doncaster Avenue and Darley Road**, from Tuesday 6 September to Friday 30 September, 6pm to 5am. Activities include site establishment, drainage work, geotechnical investigations (potholing and surveying), utility investigation and relocation, saw cutting of road and footpath pavement where required, removal of road surface (excavation) and reinstating road pavement. This work will take approximately 20 nights within the notified period.

- **Alison Road, between Doncaster Avenue and Darley Road**, from Wednesday 7 September to Friday 7 October, 6pm to 5am. Activities include moving of concrete barriers, piling works (includes installing steel road plates), spoil removal, heritage work, road pavement work (includes asphalt milling). This work will take approximately 10 nights within the notified period.

You may experience some noise and vibration during this work. High noise activities such as saw cutting and jackhammering will not take place for more than two consecutive nights (weather and traffic permitting). Respite periods will be in place to mitigate impacts to residents during noisy activity.

Equipment and vehicles for this work may include radar detection and survey equipment, concrete trucks and pumps, flood lights, vacuum excavation trucks, coring and drilling machines, excavators, cranes, piling rig, saw cutters, jack hammers, road grinders, tipper trucks, hand tools, water carts, semi-trailers, spray seal trucks, air pumps and traffic control vehicles.

This work is ongoing. To keep you informed of night work in your area, you will receive a further notification after this time.

Traffic and pedestrian changes

Work will involve some lane closures and minor diversions under traffic management, with only some minor delays expected. Any lane closures or minor traffic diversions will take place from 9pm.

Where required, traffic control will be in place to direct motorists and pedestrians safely around the operations. Access for emergency services will be maintained at all times.
