Notification of night work – Randwick

In planning for Tomorrow’s Sydney we are building a new light rail line to provide modern, reliable and sustainable public transport that will transform services from Circular Quay and the CBD, to Kingsford and Randwick via Surry Hills, Moore Park and Kensington.

Standard work hours are Monday to Friday 6am to 6pm and Saturday 8am to 5pm. This notification is for approved work that falls outside the standard working hours. This work will be carried out on the below dates and times to minimise disruption to traffic and to maintain the safety of construction work, residents, businesses and the general public.

Details of work activities

Work will take place at the following location and times:

- **Wansey Road, between Alison Road and High Street.**
  Thursday 1 February to Wednesday 28 February 2018.

  Work will generally occur from 6pm to 6am Sunday to Thursday nights, and from 8am to 5pm on Sundays. Work will only take place on Friday nights if required. This work will take approximately 20 nights within this period, subject to weather conditions. Work will not be continuous in any one location.

  Activities involve track work (includes rail preparation work, concrete pouring, rail delivery, rail/track installation, surveying, welding, saw cutting and surface finishing), vegetation works (including tree protection, trimming, mulching, relocation and removal of trees and shrubs), barrier and fencing relocation, road trench excavation, utility protection, installation and relocation, setting up traffic signals and signage, street light pole installation, kerb and pavement works.

  You may experience some noise and vibration during this work. High noise activities such as saw cutting and jackhammering will not take place for more than two consecutive nights at the same area (weather and traffic permitting). Mitigation measures such as noise blankets will be used to minimise impacts as much as possible.

  Equipment and vehicles for this work may include concrete pumps and trucks, concrete vibrators, tipper trucks, vacuum truck, mulchers, chain saws, generators, portable lighting, water carts, semi-trailers, flood lights, cranes, elevated work platforms, road saws, excavators, rail saws, plate compactors, water carts, hand tools, traffic signage, barriers and traffic control vehicles.

Traffic and pedestrian changes

For the latest information on traffic conditions, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

At times, Wansey Road between Alison Road and Arthur Street will be closed to traffic for a short period to facilitate the delivery of rail and associated activities. During the current High Street closure (12 January to 26 February) Wansey Road between Arthur and High Streets will remain open.

Access for local traffic and emergency services will be maintained at all times. Where required, traffic controllers will be in place to direct cyclists, motorists and pedestrians safely around the operations or at times via a temporary access way through the construction compound.
